Charlton is ten kilometers west of the Trans Canada Highway (#11), midway between North Bay and Timmins. Charlton is unique in every respect. Located on the lower end of Long Lake, this town has lured many adventurous Canadians. The Churning Falls have muffled “ many a conversation“ of those residents enticed by accounts of lumbering, mining, water power, retail and agricultural opportunities.

Don't pass up an opportunity to visit this picturesque town nestled on the banks of Long Lake surrounded by towering timber.
