Kirkland Lake is Located at the heart of the Billion Dollar Triangle - the most prominent hard rock mining region in Canada. While we are proud of our mining heritage and its tremendous contribution to our economy, we have much more to offer.

Kirkland Lake is a modern town with most of the amenities usually expected in larger centers. Post secondary education, health care, cultural, social and recreational activities combined with proximity to work and affordable housing to make our community a great place to live and work. Take a good look at Kirkland Lake.
